

Clean All Services expands to 18 county area

“Through the efforts of our dedicated employees, 2007 saw sales grow 12 percent, and employment grow to more than 250 employees,” said Clean All Services President Steve Shuchat. “Our employees provide services to clients over an ever-expanding 18 county area covering West Central Ohio.”

His report continues:

We are very happy to announce that a 21-year employee, Aaron Nason, was selected as our Employee of the Year for 2007. Aaron is a floor care specialist and resides in Anna with his wife, Becky, who also is a 20-year employee. Founded in 1984, Clean All Services is very proud to have several 20-year plus employees sharing their talents with us.

Newcomers to our management team include Jim Smith from Sidney as our new Night Operations Manager, and Jaime Gehrich from Centerville as our Regional Manager covering the southern portion of our coverage area. Both Jim and Jaime have multiple years of experience in the janitorial/building services contracting industry. Training has always been a priority with Clean all Services. Besides training all new employees on proper cleaning techniques and processes in our Carol Snider Training Center, twenty-four supervisors and management personnel completed a five-session management training seminar from instructors from Wright State University – Lake Campus

during the summer. It covered a variety of management topics, and strengthened our team’s knowledge and cohesiveness.

We once again were winners of safety awards through the Chamber of Commerce and the Ohio Bureau of Workers Compensation. We work very hard at keeping our workforce doing their job safely and reacting immediately to any incidents that occur. Special thanks go to Regina Hittepole, Human Resource Manager, for heading our safety program.

Clean All Services was pleased at the turnout for the health fair that occurred in the late summer. Employees were invited to get health screenings done by Wilson Memorial Hospital, and the YMCA. The Sidney Police and Fire Departments were also there. Informational booths related to company benefits were available to employees.

Clean All Services goals for 2008 include expanding present market areas and specialties, with a strong focus on recurring sales growth, continued improvements in customer retention, quality, safety, employee satisfaction and benefits, and improved margins. We are optimistic about the economic forecast for not only Clean All Services, but also for West Central Ohio for 2008.

“Responding with Quality,” Clean All Services is a complete janitorial firm specializing in commercial, industrial, and institutional building

contracting services. Other services include: floor maintenance, cement care, carpet care, restroom cleaning, ceiling and wall cleaning, window cleaning, industrial steam cleaning, rug rental, wood care, window blind cleaning, light fixture cleaning, water damage clean-up, after-construction clean-up, and complete office furniture moving and set-up. Our website is www.cleanall.com.

Thank you Sidney and West Central Ohio for making 2007 a very successful year for Clean All Services and our employees.
